

Urgent Notice 22/05/2013

1. Dodder Flood Relief works

You have probably seen the plans for flood relief works from Ballsbridge to Smurfit's Weir.

If not you can view them on Dublin City Council Website

(<http://www.dublincity.ie/WaterWasteEnvironment/waterprojects/Pages/FloodDefenceUnitLowerDodderFloodDefenceWorks.aspx>) or the Pembroke Library on Anglesea Road .

It is vital that residents support this proposed development in writing before the June 19th deadline. You may have avoided a flood to date, but many of your neighbours have not been so lucky and you could be next! Please take the time to write, we need your help. You may feel that the defences are not sufficient, please say it, but it most important that residents are seen to be in favour of the works going ahead.

2. Concert Tickets

We try and have ticket ready for distribution at the AGM but as this year's first concert is early and clashing with holidays we are going to drop tickets directly to people's homes. They are allocated on first come first served basis to fully paid up members so please get your application in early. We are awaiting confirmation of ticket availability for the following concert.

Neil Young Crazy Horse Saturday June 15th

Rod Stewart Saturday June 29th

3. AGM

We have a provisional date of Wednesday 26th June 2013 – this will be confirmed shortly.
